

My name is Amanda Conroy and my business name is Luxury Lilac.  
I provide a range of natural healing therapies including Reiki, Relaxation massage  
Indian head massage, ear candling.

It is a pleasure to see the healing benefits of Reiki, while working on families.  
Reiki brings about a deep relaxation, balancing and assisting the body to heal.  
Reiki helps to clear and remove blockages from the body's chakras. "The chakras are  
wheels of energy centres in your body". You may feel emotional during a Reiki session,  
which is normal. You will feel quite relaxed and should feel uplifted after Reiki.
